Deutschland
Telefon: + 49 (0) 56 73 / 911 566
E-Mail: tls-de@tls-bocasystems.com

Repair conditions and checklist:

1. please enclose this form fully filled out with every submission. Only then your submission can be processed!
2. an RMA number is not required.
3. please make sure that the packaging is appropriate.
4. send in the BOCA printer without cables and accessories.
5. approx. 50 ticket blanks per printer of the ticket material currently in use are required to correctly adjust the BOCA printer. The quantity of ticket blanks is per BOCA printer.
6. after we have received your submission at our main office in Rotterdam, you will receive a cost estimate by e-mail.
7. by sending in the repair, you agree that a minimum diagnostic fee of €80 + postage will be charged.
8. repairs covered by the warranty are processed with a cost-neutral cost estimate. This serves as documentation.
9. please check all details on the cost estimate, including the billing and delivery address. Please inform us of any change requests at short notice. No changes are possible after the invoice has been issued. We therefore ask for your understanding that any subsequent changes to the invoice will incur a net charge of €45.
10. For submissions outside the EU, please include the needed customs documentation.
Costs incurred for customs clearance will be charged on the cost estimate.

Standard cost rates (without spare parts):

Basic flat rate for repair (diagnostic fee)	80,- €
Work according to expenditure (1 hour)	90,- €
Preventive maintenance incl. cleaning and update	160,- €
Opto-sensor calibration	40,- €
Cutter unit repair	75,- €
Logic board repair	175,- €

All prices quoted are excluding VAT.

Please fill in the fields on page 2 and if necessary 3 carefully.
